Tennis Tournament

On a sunny October morning the scene is set for the long awaited final of the Phoenix Tennis Tournament. The original 10 entries have now been whittled down to the final four who will play 3 round robin matches with each of the other three. The parity of ability of all the players soon becomes obvious with the first game going to at least 5 deuce calls. In the ensuing games almost every game goes to an Advantage decision and not until the final match does a winner narrowly emerge. Jeff Wall just getting the edge over the 3 runners up—Mike Fitzpatrick, Phil Bowers and Clive Faulkner. Many thanks to all who took part and maybe next year we can have a lady in the final round as we have had on previous occasions.

Group Leaders-

Could activity Group leaders please return any membership cards not handed out to Delma—thank you

From the Chairs

Hi everyone,

Welcome to our first Coffee Morning in the chair, we hope you are going to have an enjoyable morning.

Our first task is to thank the retiring chairman Garry for all his hard work over the last three years, he has certainly moved the club forward, reassessing and improving areas ripe for development. We hope we will at the very least keep everything ticking over, and at the most, move things on. We would also like to thank everyone who served for the last three years and have now stepped down. A huge thank you must go to all those continuing to serve and those who have taken on new positions, without you the club would not function. However, we are still desperate for two people to become speaker secretaries, speakers are booked till April and lists of contacts and support are available. If nobody comes forward there will be no more Coffee Mornings after April.

Members of The Phoenix Music Group work very hard and support each other to both enjoy making music and entertaining others. Today they are going to entertain you, their friends.

Enjoy

Sandra and Wendy
